

Survey Results

May 2021

Notes

- 48 Adult and 6 Youth Surveys were received.
- One Adult paper survey was excluded as only a few questions were answered, leaving 47 valid Adult surveys.
- One Adult survey answered all questions but did not mark an age group, so it was classified as “unspecified age” and shows up as such on some charts.
- Paper surveys were entered into the online form for ease of display of results.
- Displays/Charts shown in the survey results: Where there are multiple choices of response (such as “Strongly Agree/Agree/Neutral/Disagree/Strongly Disagree”) - if a category is not shown on a chart then no one selected that particular response for that question.

Color Codes Used in Charts

Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
Green	Blue	Yellow	Red	Grey

Every Sunday/Every Week	Very Often	Occasionally	Never
Green	Blue	Yellow	Red

YES	NO
Green	Red

NOTE: The software used to prepare the charts insisted on “sorting” the responses (i.e. Agree, Disagree, etc) alphabetically! Therefore when viewing the charts, the color scheme is important to understanding results.
